

Bob Ford

SENIOR MOMENTS

The enthusiasm is infectious. When Bob Ford takes the stage, it doesn't take long until casual toe-tapping and humming turns into an all-out sing-along. The audience can't help itself. Bob presents an array of heartwarming songs and hilarious stories that draw in listeners -- and whisk them back to yesteryear. From familiar folk tunes to classics by Burl Ives, Tommy Makem and the Kingston Trio, his musical repertoire evokes nostalgia for the simpler pleasures of the good old days. You can't simply watch or listen to Bob play -- the melodies and memories are so contagious, you can't help but join in the foot-stomping, hand-clapping fun.

“We attended the concert at the Hayes Veranda in Fremont, Ohio, last night. I just wanted to tell you how much we enjoyed your music and history narration. I bought the [CD] with 'Old Love.' My husband and I have played it over and over. We have less than eight years to our 50th anniversary, but I assure you that will be the song that is played for our dance.”

“Bob Ford brings history back to life through songs and stories. His style, creativity and ability to adapt his performances to any age range makes Ohio Travel Treasures his biggest fan. To see the smiles on our group tour participants' faces and hear the laughter as they learn to play their own musical instruments is something you don't see from many performers in this day and age. His vast range of style and talent far supasses the majority.”
